# Our Mission

Community Connect is an initiative coordinated by the local shopping centres. It is an online Community Hub that features the faces and voices of our community groups. Members of the public can discover their local clubs and find out how they themselves can get involved!

# Get Involved

If you're a local club or community group in the selected areas, you can be featured online. Help us spread awareness and engage with our locals!

## What is Community Connect?

The Community Connect will feature a series of videos from local community groups. Take a look at the Bracken Ridge Community Connect [here](#).

## How much does it cost?

Absolutely nothing! We come to you and providing this service complimentary to our local groups to help build a supportive community.

## What do I need to do?

We will do all the hard work for you, all you need to do is tell us you're interested!
